

CURRICULUM VITAE
Matthew C. Nisbet

ADDRESS

Department of Communication Studies
College of Art, Media & Design
Northeastern University
212A Lake Hall, 360 Huntington Avenue
Boston, MA 02115-5000

Phone: 202.230.7277
E-mail: m.nisbet@northeastern.edu
Web: www.matthewnisbet.com
Google Scholar: xFIA6gcAAAAJ
ORCID: 0000-0002-2327-1362

EDUCATION

Ph.D. 2003 Department of Communication, Cornell University
M.S. 2002 Department of Communication, Cornell University
B.A. 1996 Department of Government, Dartmouth College

ACADEMIC APPOINTMENTS

2017-Pres. Professor of Communication, Public Policy & Urban Affairs, Northeastern University
2014-17 Associate Professor of Communication, Public Policy & Urban Affairs, Northeastern University
2010-14 Associate Professor of Communication, American University
2006-10 Assistant Professor of Communication, American University

VISITING POSITIONS / FELLOWSHIPS

2020 Science and Society Fellow, Interdisciplinary Center for Engagement, Dartmouth College, NH
2013 Mellon Fellow in Environmental Studies, Goucher College, Baltimore, MD
2012 Shorenstein Fellow, Kennedy School of Government, Harvard University, Cambridge, MA
2011-16 Visiting associate professor, Climate Change Institute, University Maine
2011 Science Communication Fellow, Google Foundation, Mountain View, CA
2009-14 Health Policy Investigator, Robert Wood Johnson Foundation
2007-08 Osher Fellow, Exploratorium Science Center, San Francisco, CA
2005 Policy Fellow, U.S. State Department / AAAS (declined)
2004 Visiting Research Fellow, Technische Universitat Dresden, Germany
2001 Ethical, Legal and Social Implications Fellow, Genomics Institute, Cornell University

EDITORIAL APPOINTMENTS

Editor-in-Chief / Associate Editor

2016–19 Editor-in-Chief, Environmental Communication
2016–19 Editor-in-Chief, Oxford Encyclopedia of Climate Change Communication (3 volumes)
2015–26 Section Editor, Oxford Research Encyclopedia of Climate Change
2009. Editor, Special issue, Mass Communication and Society
2004–07 Book Review Editor, Mass Communication and Society

Editorial board

2020-Pres. Oxford Open Climate Change
2019-Pres. Environmental Communication 2
013–Pres. Public Understanding of Science
2014-Pres. Bulletin of Science & Technology

2008–18 International Journal of Press/Politics

2008–13 Science Communication

EXPERT ADVISORY COMMITTEES

U.S. National Academies of Sciences, Engineering, and Medicine

2015–16 Member, Consensus Study Committee: The science of science communication: A research agenda

2013–15 Member, Roundtable Committee on Public Interfaces in the Life Sciences

U.S. National Science Foundation, National Science Board

2004–05 Member, General Social Survey committee on public attitudes about science and technology

HONORS AND AWARDS

2019 Professional & Scholarly Excellence (PROSE) Award Finalist (top 3), American Assoc. of Publishers

2019 Elected Fellow, Committee for Skeptical Inquiry, publisher of Skeptical Inquirer

2009 Annual Picard Lecturer, Health Law Center, University of Alberta

2006 Promising Junior Faculty, New Directions Science Communication, University of Texas, Austin

2003 Top 3 Faculty Paper, Association for Education in Journalism and Mass Communication

2002 Daniel C. Hallin Award, Symposium on Media and Terrorism, Harvard University

2002 Kappa Tau Alpha Award, top student paper, Assoc. Educ. Journalism & Mass Communication

2002 Steven Chaffee & Jack M. McLeod Award, Assoc. for Educ. in Journalism and Mass Communication

2002 Competitive Travel Grant, New Directions Journalism Research, University of Texas, Austin

2002 Anson Rowe Scholarship, top graduate student in Communication, Cornell University

2002 First Place, Student Paper, Midwest Association for Public Opinion Research

2001 Anson Rowe Scholarship, top graduate student in Communication, Cornell University

2001 First Place, Student Paper, Midwest Association for Public Opinion Research

FUNDED RESEARCH PROJECTS [Total: \$1.03 million]

2024 CAMD Faculty Grant Writing Stipend, \$7,500. Northeastern University.

2023 CAMD Climate Communication Impact Engine. \$7,500. Northeastern University.

2018–20 Global Resilience Institute, Northeastern University \$75,000 (w/ J. Wihbey).

2017–18 Barr Fdn / Heising-Simons Fdn. \$75,000 (w/ J. Wihbey). Northeastern University.

2016–18 Swiss National Science Foundation. \$82,476 (Silje Kristiansen). Northeastern University.

2015–16 Nathan Cummings Foundation. \$74,895. Northeastern University.

2014–15 Provost's Office, Northeastern University. Discretionary research funding. \$50,000.

2012–13 EcoAmerica / MacArthur Foundation. \$22,885. American University.

2011–13 Provost's Office, American University. Support relaunch of Center for Social Media. \$50,000.

2011–13 Provost's Office, American University. Discretionary research funding. \$50,000.

2010–11 Nathan Cummings Foundation. \$100,000. American University.

2009–11 Health Policy Investigator Award, Robert Wood Johnson Fdn \$334,978. American University.

2009–10 Provost's Office, American University. \$3,200.

2007–08 Provost's Office, American University. \$5,900.

2007–08 Curriculum development, American University. \$2,000.

2005–06 Miller Research Award, The Ohio State University. \$10,000.

2004–05 Miller Research Award, The Ohio State University. \$20,000.

2004–05 Honors College, The Ohio State University. New course in science communication. \$15,000.

2004–05 United States Agency for International Development (USAID) via Cornell University. \$14,950.

2001 Genomics Initiative ELSI Fellowship Grant, Cornell University. \$2,500.

CONSULTING / ADVISORY POSITIONS

2020 Wallace Foundation — Strategic advice on framing local education policy
2019 L'Oréal — Strategic advice on combating scientific misinformation
2019 Bernard & Ann Spitzer Charitable Trust — Research to inform funding of nonprofit journalism
2018 Clean Air Task Force — Strategic advice on communicating about low-carbon energy innovation
2017 American Academy of Arts & Sciences — Research on public opinion about science & technology
2017 AAAS Dialogue on Science, Ethics & Religion — Research on science communication
2015 AAAS Office of Public Engagement — Research to inform public engagement initiatives
2013 AcademyHealth — Strategic advice on public engagement by health policy experts
2010 EcoAmerica — Research to inform climate change communication initiatives
2010 National Academies of Sciences — Research on science & scientists in film and television
2009 Corporation for Public Broadcasting — Research on best practices in digital journalism
2009 Howard Hughes Medical Institute — Public opinion about biomedical sciences & evolution
2009 Pfizer Inc — Design workshop on effective public communication by research scientists
2009 Centers for Disease Control — Research on communicating about climate-related health risks
2008 National Academies of Sciences — Research on scientists as local opinion leaders
2007 Inclusion / Mobility Agenda — Research on communicating about low-wage work

PROFESSIONAL POSITIONS

1997–99 Communications Director, Center for Inquiry-International, Amherst, NY
1996–97 Campaign Coordinator, U.S. Public Interest Research Group, Washington, DC and Boston, MA

PUBLICATIONS [204]

Impact / recognition

Stanford University / Elsevier World's Top 2% Scientists Index

- Communication/ media research (field n = 15,409; August 2025 update)
- Among active researchers: career rank #8 United States; #24 globally (2025)
- Among all active, retired, and deceased: #14 U.S.; #31 globally; top 30 in all previous years, 2019–2024
- Most recent year rank among all scholars: #22–36 (2020–2023); #61 (2024–2025)

Google Scholar (June 2026)

- 21,689 total citations | H-index: 51 | i10-index: 104

Web of Science (June 2026)

- 7,642 total citations | H-index: 36 | 61 indexed items | avg. 124.08 citations per item

Top 1% Highly Cited Papers Clarivate / Web of Science (3)

- Nisbet (2009), Environment. 996 WoS citations; 2,490 Google Scholar citations [Social Sciences General]
- Nisbet & Scheufele (2009), American Journal of Botany. 641 WoS citations [Plant and Animal Science]
- Myers, Nisbet, Maibach & Lieserowitz (2012), Climatic Change. 469 WoS citations [Social Sciences General]

Ranked third most productive in field of communication/media research (1989-2018)

- Kolle, S. R., Rabindranath, M., & Shankarappa, T. H. (2019). Characteristics of highly cited articles in communication (1989 to 2018): A Web of Science-based analysis. Media Watch, 10(3), 645-663.

Ranked second most cited/influential researcher in the field of climate change communication (2000-2019)

- Asmi, F., Anwar, M. A., Zhou, R., Wang, D., & Sajjad, A. (2019). Social aspects of 'climate change communication' in the 21st century: a bibliometric view. *Journal of Environmental Planning and Management*, 62(14), 2393-2417.

"Foundational, major works" in the field of public communication of science and technology (2 studies)

- Bucchi, M. & Trench, B. (2016). *The Public Communication of Science: Critical Concepts in Sociology*. London, UK: Routledge.

Nisbet, M.C. (2011, May). Reframing climate change dialog to reconcile expert and public perceptions. Osher Lifelong Learning Institute and NOAA's Climate Program Office, Virginia. (est. 80)

Nisbet, M.C. (2011, May). Communication, the public, and science controversies. The Ethics of Communicating Science in Political Science Controversies Symposium, Greenlee School of Journalism and Communication, Iowa State University, Ames, IA. [Keynote] (est. 80)

Nisbet, M.C. (2011, April). Climate shift: Public engagement for a sustainable future. Atkinson Center for a Sustainable Future and Department of Communication, Cornell University, Ithaca, NY. (est. 75)

Nisbet, M.C. (2011, April). Climate shift: Clear vision for the next decade of public debate. Environments, Risks, and Digital Media: Communicating, Governing, and Managing Risks in a Mediated World, North Carolina State University, Raleigh, NC. [Keynote] (est. 150)

Nisbet, M.C. (2011, April). Climate shift: Rethinking politics and communication in an unsustainable world. Wellesley College Communicating Science Symposium, Wellesley, MA. [Keynote] (est. 70)

Nisbet, M.C. (2011, February). Science education in an age of engagement. Association of American Colleges and Universities Meeting on STEM Education, Miami, FL. [Keynote] (est. 500)

Nisbet, M.C. (2011, February). Climate shift: Directions and trends in public communication. NSF Climate Change Education Tri-Agency Meeting of Investigators, Fairfax, VA. (est. 200)

Nisbet, M.C. (2010, September). Cross-national analysis of media coverage of climate change. CNRS: French National Research Institute, Paris, France. [Keynote] (est. 50)

Nisbet, M.C. (2010, August). Engaging the public on environmental science. Institute on the Environment, University of Minnesota, Minneapolis, MN. (est. 40)

Nisbet, M.C. (2010, August). Panel discussion on climate change communication research. Annual Meeting of the Association for Education in Journalism and Mass Communication, Denver, CO. (est. 30)

Nisbet, M.C. (2010, June). Engaging the public on environmental science. Aldo Leopold Leadership Institute, Stanford University, Stanford, CA. (est. 40)

Nisbet, M.C. (2010, May). Re-considering the portrayal of science in film and television. Science, Social Controversy, and Art, University of Alberta, Edmonton, AB, Canada. (est. 25)

Nisbet, M.C. (2010, April). Anticipating trends in news coverage of nanotechnology. National Nanotechnology Initiative: Ethical, Legal, and Social Implications, Washington, DC. (est. 20)

Nisbet, M.C. (2010, March). The climate change generation. AU Forum and WAMU, American University, Washington, DC. (est. 100)

Nisbet, M.C. (2010, February). Redefining literacy in climate change communication. Climate Change and Informal Learning Symposia, Annual Meeting of the American Association for the Advancement of Science, San Diego, CA. (est. 150)

Nisbet, M.C. (2010, February). Climate change and the media. Kennedy School of Government, Harvard University, Cambridge, MA. (est. 150)

Nisbet, M.C. (2009, December). Re-starting the conversation on climate change: The media, dialogue, and public engagement. Special panel on climate change communication, Annual Meeting of the American Geophysical Union, San Francisco, CA. (est. 100)

Nisbet, M.C. (2009, November). Annual Stem Cell Network Meeting, Canadian Natural and Social Sciences Council, Montreal, QC, Canada. [Keynote] (est. 200)

Nisbet, M.C. (2009, July). Lecture on the central themes of Inherit the Wind. National Institutes of Health Science at the Cinema Series, American Film Institute Silver Theater and Cultural Center, Silver Spring, MD. [Keynote] (est. 600)

Nisbet, M.C. (2009, June). What's next for science communication? Summer Forum Series, University of Wisconsin, Madison, WI. (est. 80)

Nisbet, M.C. (2009, June). The ethics of framing science. Annual Meeting of the Danish Association of Science Journalists, Copenhagen, Denmark. [Keynote] (est. 75)

Nisbet, M.C. (2009, May). Framing science reconsidered: Publics, messages, and mediums. Annual Council of Science Editors Meeting, Pittsburgh, PA. (est. 50)

Nisbet, M.C. (2009, May). Science communication reconsidered. Cary Institute for Ecosystem Studies, Millbrook, NY. (est. 120)

Nisbet, M.C. (2009, March). Communicating about evolution. Evolution and Medicine Lecture Series, National Institutes of Health and National Academies, Washington, DC. (est. 90)

Nisbet, M.C. (2009, March). Communicating climate change: Why frames matter to public engagement. Goddard Space Flight Center, NASA, Greenbelt, MD. (est. 40)

Nisbet, M.C. (2009, March). Science communication at a crossroads. Annual Picard Lecture, Health Law Center, University of Alberta, Edmonton, AB, Canada. (est. 150)

Nisbet, M.C. (2009, February). Panel on covering climate change. American Museum of Natural History, New York, NY. (est. 100)

Nisbet, M.C. (2009, February). Science communication at a crossroads. Science, Technology, and Society Program, Virginia Commonwealth University, Richmond, VA. (est. 80)

Nisbet, M.C. (2009, February). Framing science as quality communication? Workshop on Quality Science Communication and Public Engagement, Venice Institute of Arts and Sciences and University of Trento, Venice, Italy. (est. 20)

Nisbet, M.C. (2008, December). Communicating science in a changing world. New York Academy of Sciences, New York, NY. [Keynote] (est. 100)

Nisbet, M.C. (2008, September). Science communication reconsidered: Key issues for 2009 and beyond. Policy Fellows Program, American Association for the Advancement of Science, Washington, DC. (est. 90)

Nisbet, M.C. (2008, July). The climate change election? The science and the strategy shaping public opinion. Governor's School for Gifted Students, Salem, NC. (est. 400)

Nisbet, M.C. (2008, July). Panel on science education and communication. Annual Meeting of the Botanical Societies of North America, Vancouver, BC, Canada. (est. 90)

Nisbet, M.C. (2008, June). Speaking science 2.0: The road to 2008 and beyond. California Institute of Technology, Pasadena, CA. (est. 120)

Nisbet, M.C. (2008, June). Panel on engaging policy makers. Annual Meeting of the Biotechnology Industry Organization, San Diego, CA. (est. 90)

Nisbet, M.C. (2008, March). Framing science: Journalism and science debates. Woodrow Wilson School of Public and International Affairs, Princeton University, Princeton, NJ. (est. 60)

Nisbet, M.C. (2008, March). Science, communication, and politics. University of California, Berkeley, CA. (est. 60)

Nisbet, M.C. (2008, February). Framing science: The new paradigm in public engagement. Conference on New Agendas in Science Communication, University of Texas, Austin, TX. (est. 25)

Nisbet, M.C. (2008, February). Communication, public opinion, and politics. Climate Change at Crossroads Conference, Columbia University and Adriano Olivetti Foundation, Rome, Italy. (est. 40)

Nisbet, M.C. (2008, January). Framing science: New directions in public engagement. Swedish Embassy, Washington, DC. (est. 110)

Nisbet, M.C. (2007, December). Framing science: A new paradigm in public communication? National Cancer Institute, Washington, DC. (est. 40)

Nisbet, M.C. (2007, December). A new agenda for communicating about poverty and low-wage work. Kirwan Institute on Race Conference, The Ohio State University, Columbus, OH. (est. 50)

Nisbet, M.C., and Mooney, C. (2007, November). Speaking science 2.0: The road to 2008 and beyond. National Academies of Sciences, Washington, DC. (est. 120)

Nisbet, M.C. (2007, October). New directions in communicating about poverty. British Embassy, Washington, DC. (est. 60)

Nisbet, M.C. (2007, October). The future of public engagement. National Science Foundation, Washington, DC. (est. 50)

Nisbet, M.C. (2007, October). Effectively communicating science and technology to state policymakers. State Science and Technology Policy Advice Convocation, National Academies, Newport Beach, CA. (video conference) (est. 50)

Nisbet, M.C. (2007, October). Speaking science 2.0: The road to 2008 and beyond. National Forum Series, Bucknell University, Lewisburg, PA. (est. 80)

Nisbet, M.C. (2007, October). Speaking science 2.0: The road to 2008 and beyond. Center for Inquiry, New York, NY. (est. 45)

Nisbet, M.C. (2007, October). Speaking science 2.0: The road to 2008 and beyond. Forum on Science, Ethics, and Policy and Pacific Science Center, University of Washington, Seattle, WA. [Keynote] (est. 120)

Nisbet, M.C. (2007, October). Indirect truths: Research and public scholarship in the nation's capital. Department of Communication, University of Washington, Seattle, WA. (est. 80)

Nisbet, M.C. (2007, October). Speaking science 2.0: The road to 2008 and beyond. Dean's Office of Student Affairs and College of Arts and Sciences, George Washington University, Washington, DC. (est. 80)

Nisbet, M.C. (2007, October). New directions in science communication. Bell Museum of Natural History, Hubert Humphrey School of Public Policy, and Center for Science Journalism, University of Minnesota, Minneapolis, MN. [Keynote] (est. 170)

Nisbet, M.C., and Mooney, C. (2007, October). Speaking science 2.0: The road to 2008 and beyond. Annual Meeting of the Association for Reproductive Health Professionals, Minneapolis, MN. (est. 90)

Nisbet, M.C. (2007, September). Framing science: The future of public engagement. Consortium on Science and Technology Policy, Northeastern University, Boston, MA. (est. 75)

Nisbet, M.C. (2007, September). Science communication online: Key factors and trends. Aldo Leopold Leadership Conference, Stanford University, Stanford, CA. (est. 40)

Nisbet, M.C. (2007, August). Indirect truths: The social impact of documentary film. Pre-Conference on Science Communication, Association for Education in Journalism and Mass Communication, Washington, DC. (est. 50)

Nisbet, M.C. (2007, July). Framing and the communication of climate change. Center for Research on Environmental Decisions, Columbia University, New York, NY. (est. 50)

Nisbet, M.C. (2007, July). Understanding the social impact of documentary film. SILVERDOCS Film Festival, Silver Spring, MD. (est. 75)

Nisbet, M.C., and Mooney, C. (2007, June). Framing science: Ways to engage citizens and shape public policy. New York Academy of Sciences, New York, NY. [Keynote] (est. 120)

Nisbet, M.C. (2007, June). Communicating about nanotechnology. Symposium sponsored by the Wharton School of Business, University of Pennsylvania, and the Chemical Heritage Foundation, Philadelphia, PA. (est. 120)

Nisbet, M.C., and Mooney, C. (2007, June). Framing science: How we can enhance public understanding through better communication. Center for American Progress, Washington, DC. (est. 150)

Nisbet, M.C. (2007, June). Framing science: Making sense of policy debates in a media-saturated world. Governor's School for Gifted Students, North Carolina. (est. 350)

Nisbet, M.C. (2007, May). Speaking science 2.0: New directions in public communication. Department of Communication, Cornell University, Ithaca, NY. (est. 50)

Nisbet, M.C. (2007, May). Speaking science 2.0: The road to 2008 and beyond. American Institute of Biological Sciences, Washington, DC. [Keynote] (est. 75)

Nisbet, M.C. (2007, May). Speaking science 2.0: The road to 2008 and beyond. Stowers Institute for Biomedical Research, Kansas City, MO. (est. 100)

Nisbet, M.C. (2007, February). Framing science: The communication battle over evolution, climate change, and stem cell research. Communication Week, Illinois State University, Normal, IL. [Keynote] (est. 100)

Nisbet, M.C. (2007, February). Blogs as a public engagement tool? Conference on Science and Society: Closing the Gap, Harvard University's Partners Health, Boston, MA. (est. 200)

Nisbet, M.C. (2007, January). Understanding the social impact of documentary film. Conference on Making Your Documentary Matter, Center for Social Media, American University, Washington, DC. (est. 80)

Nisbet, M.C. (2006, November). Framing as a public engagement tool on global warming. U.S. Senate briefing, American Meteorological Society Environmental Science Seminar Series, Washington, DC. (est. 120)

Nisbet, M.C. (2006, November). Engaging new audiences in news coverage of global warming. Annual Meeting of the National Association of Science Writers, Baltimore, MD. (est. 70)

Nisbet, M.C. (2006, October). Science blogs: Intersections with the public, media, and politics. DC Science Writers Association and Berman Center on Bioethics, Johns Hopkins University, Washington, DC. (est. 80)

Nisbet, M.C. (2006, September). Framing science: Strategic communication in policy debates. Science Policy Lecture Series, American Association for the Advancement of Science, Washington, DC. (est. 200)

Nisbet, M.C. (2006, June). Rethinking engagement: Understanding the public and the media system. Policy Fellows Conference, American Meteorological Society, Washington, DC. (est. 50)

Nisbet, M.C. (2006, May). Understanding the battle over public opinion in science policy debates. Annual Executive Board Meeting, American Institute of Biological Sciences, Washington, DC. [Keynote] (est. 50)

Nisbet, M.C. (2006, April). Genetic diversity and science communication. Workshop, Institute of Genetics, Canadian Institutes of Health Research, Toronto, ON, Canada. (est. 40)

Nisbet, M.C. (2006, February). Campaign initiatives and stem cell research. Conference sponsored by UCLA Center for Genetics and Society, Los Angeles, CA. (est. 200)

Nisbet, M.C. (2006, January). Religion, media, and science. Annual Retreat of the Federal Relations Board, Association of American Universities, Naples, FL. (est. 80)

Nisbet, M.C. (2005, July). U.S. media and public opinion about stem cell and cloning research. Institute for Communication Science, Dresden University, and Max Planck Institute of Molecular Cell Biology and Genetics, Dresden, Germany. (est. 100)

Nisbet, M.C. (2005, May). Understanding American views of embryonic stem cell research and cloning. Baylor College of Medicine, Houston, TX. (est. 150)

Nisbet, M.C. (2005, February). Framing biotech: Understanding cycles of attention and definition to a scientific controversy. Annual Meeting of the National Association of Science Writers, Washington, DC. (est. 75)

Nisbet, M.C. (2005, January). The ag biotech debate: Understanding cycles of attention and definition to a scientific controversy. Center for Environment and McMicken College of Arts and Sciences, University of Cincinnati, Cincinnati, OH. (est. 40)

Nisbet, M.C. (2004, November). Explaining majority support for stem cell research: Did communication trump moral values in 2004? Science and Technology Policy Program, James A. Baker III Institute for Public Policy, Rice University, Houston, TX. (est. 150)

Nisbet, M.C. (2004, April). Media coverage and the public understanding of biotechnology. Center for Survey Research Seminar Series, The Ohio State University, Columbus, OH. (est. 25)

Nisbet, M.C. (2004, March). Media coverage and the public understanding of biotechnology. Dean's Lecture, College of Biological Sciences, The Ohio State University, Columbus, OH. (est. 180)

Nisbet, M.C. (2002, April). Framing science: The stem cell controversy in an age of press/politics. Science Studies Reading Group, Department of Science and Technology Studies, Cornell University, Ithaca, NY. (est. 40)

Nisbet, M.C. (2001, September). Knowledge, reservations, or promise? A media effects model for public perceptions of science and technology. Science Studies Reading Group, Department of Science and Technology Studies, Cornell University, Ithaca, NY. (est. 45)

PEER-REVIEWED CONFERENCE PAPERS (33)

Nisbet, M.C., and Pascual-Ferra, P. (2008, October). Tracking the public health frame in coverage of climate change. Annual meetings of the American Public Health Association, San Diego, CA.

Nisbet, M.C., Hayes, A., and Myers, T. (2006, November). Testing the casualties hypothesis: Examining the impact of troop loss on public support for military action. Annual meetings of the Midwest Association for Public Opinion Research, Chicago, IL.

Nisbet, M.C., and Mooney, C. (2006, August). The next big storm: How scientists and journalists are negotiating coverage of the global warming/hurricane link. Annual meetings of the American Political Science Association, Pre-Conference on Political Communication.

Nisbet, M.C. (2006, February). Engaging the public on controversial science. Annual meetings of the American Association for the Advancement of Science, St. Louis, MO.

Nisbet, M.C., and Huge, M. (2005, November). Attention cycles and frames in the plant biotechnology debate: Managing power and participation through the press/policy connection. Midwest Association for Public Opinion Research.

Brossard, D., and Nisbet, M.C. (2005, May). Deference to scientific authority among a low information public: Understanding American views about agricultural biotechnology. International Communication Association, New York City.

Goidel, R.K., and Nisbet, M.C. (2004, November). Exploring the roots of public participation in the controversy over stem cell research and cloning. Midwest Association for Public Opinion Research, Chicago, IL. Also presented at the 2005 Southern Political Science Association, New Orleans, LA.

Nisbet, M.C., and Goidel, R.K. (2004, August). Citizen competence and science controversy: Exploring the functions and effects of the mass media. Association for Education in Journalism and Mass Communication, Toronto, Canada. [Top 3 faculty paper]

Scheufele, D.A., Nisbet, M.C., Brossard, D., and Nisbet, E.C. (2004, May). Social structure and citizenship: Examining the impacts of social setting, network heterogeneity, and informational variables on political participation. International Communication Association, Political Communication Division.

Nisbet, M.C., Brossard, D., and Kroepsch, A. (2004, May). The stem cell controversy: Towards a model of mediated issue development. International Communication Association, Mass Communication and Society Division. Also presented at MAPOR, Chicago, IL, November 2003.

Nisbet, M.C. (2003, November). Poll trends: Public opinion about stem cell research and human cloning. Midwest Association for Public Opinion Research, Chicago, IL.

Nisbet, M.C. (2003, November). The competition for worldviews: Information, ideology, and public support for stem cell research. Midwest Association for Public Opinion Research, Chicago, IL.

Brossard, D., Scheufele, D.A., and Nisbet, M.C. (2003, November). Media and scientific citizenship: Exploring media effects on feelings of efficacy for science-related issues. Midwest Association for Public Opinion Research, Chicago, IL.

Nisbet, E.C., Nisbet, M.C., Scheufele, D.A., and Shanahan, J. (2003, September). The effects of television news in the Muslim world on public perceptions of the United States. World Association for Public Opinion Research, Prague, Czech Republic.

Scheufele, D.A., Nisbet, M.C., and Nisbet, E.C. (2003, August). Ideology, media, and war: Examining the origins of public support for the war against Iraq. American Political Science Association, Political Communication Division, Philadelphia, PA.

Nisbet, M.C., Moy, P., and Scheufele, D.A. (2003, May). Religion, communication, and social capital. International Communication Association, Political Communication Division, San Diego, CA.

Nisbet, E.C., Nisbet, M.C., Scheufele, D.A., and Shanahan, J. (2003, May). The mass media and anti-American attitudes in the Islamic world: Implications for U.S. public diplomacy. American Association for Public Opinion Research, Nashville, TN.

Nisbet, M.C., Nisbet, E.C., and Rose, Y.K. (2002, November). The origins of equality and morality: Social structure and public opinion about gay rights. Midwest Association for Public Opinion Research, Chicago, IL. [First place, MAPOR fellows student paper competition]

Scheufele, D.A., Nisbet, M.C., and Kornet, A. (2002, November). Religion, rallying effects, and mass media after September 11. Midwest Association for Public Opinion Research, Chicago, IL.

Brossard, D., and Nisbet, M.C. (2002, November). Media, institutional trust, and public opinion: The case of agricultural biotechnology. Midwest Association for Public Opinion Research, Chicago, IL.

Nisbet, M.C., Brossard, D., and Kroepsch, A. (2002, August). Framing science: The stem cell controversy in an age of press/politics. Association for Education in Journalism and Mass Communication, Miami, FL. [Chaffee/McLeod and Kappa Tau Alpha awards for top student paper]

Nisbet, M.C., Scheufele, D.A., and Shanahan, J. (2002, May). When science meets morality: Tapping the origins of public opinion on genetic engineering. American Association for Public Opinion Research, St. Pete Beach, FL.

Scheufele, D.A., Nisbet, M.C., Rose, Y.K., and Ostman, R.A. (2002, April). International news in times of crisis: September 11 news coverage, public opinion, and support for civil liberties. What's News? The Syracuse University Symposium on the Nature of News, Syracuse, NY.

Nisbet, M.C., and Scheufele, D.A. (2002, April). Internet use and participation: Political talk as a catalyst for cyber-citizenship. Midwest Political Science Association, Chicago, IL.

Nisbet, M.C., and Lewenstein, B.V. (2002, February). Biotechnology in the U.S. public sphere: Media and policy interactions. American Association for the Advancement of Science, Boston, MA.

Nisbet, M.C., and Scheufele, D.A. (2001, November). A divided public sphere: Religion, communication processes, and civic culture. Midwest Association for Public Opinion Research, Chicago, IL.

Scheufele, D.A., Nisbet, M.C., Lee, E., Brossard, D., and Chong, M. (2001, August). Pathways to political participation: Religion, communication contexts, and mass media in the 2000 election. Association for Education in Journalism and Mass Communication, Washington, DC.

Nisbet, M.C., and Lewenstein, B.V. (2001, August). A comparison of U.S. media coverage of biotechnology across publications and journalists, 1995 to 1999. Association for Education in Journalism and Mass Communication, Washington, DC.

Scheufele, D.A., and Nisbet, M.C. (2001, August). Democracy online: New opportunities and dead ends. American Political Science Association, San Francisco, CA.

Nisbet, M.C., and Lewenstein, B.V. (2001, May). A comparison of media coverage of biotechnology with trends in public attitudes towards genetic engineering, 1995–1999. International Communication Association, Washington, DC. Also presented at the 2001 Public Communication of Science and Technology (PCST) conference, Geneva, Switzerland.

Nisbet, M.C., Scheufele, D.A., Shanahan, J.E., Brossard, D., Moy, P., and Lewenstein, B.V. (2001, May). Knowledge or negativity? Mass media and public perceptions of science. International Communication Association, Washington, DC.

Nisbet, M.C., and Scheufele, D.A. (2001, April). Reasoning and feeling about science and space policy. Midwest Political Science Association, Chicago, IL.

Nisbet, M.C., and Scheufele, D.A. (2000, November). When science and technology enter the political sphere: The role of the media in informing the public and shaping public perceptions. Midwest Association of Public Opinion Research, Chicago, IL.

TEACHING / MENTORING

Courses (15 unique courses)

Northeastern University

Political Communication (COMM 3320 / 6320); Environmental Issues, Communication and Media (COMM 3500 / 6500); Strategic Communication Capstone (COMM 4608 / 6608); Health Communication (COMM 3201 / 5201); Climate Change Communication, Energy Politics and Journalism (COMM 4912 / 6912); Media Advocacy and Communication Research (JOUR 6305).

American University

Political Communication (COMM 531 / 4400); Communication, Culture and Environment (COMM 589 / 4410); Public Communication Theory (COMM 735 / 744); Strategic Communication (COMM 6350); Advanced Media Theory (COMM 750); Ethical Persuasion (COMM 533); Public Communication Research Methods (COMM 380); Communication and Society (COMM 309); Understanding Media (COMM 100)

The Ohio State University

Mass Communication and Social Systems (COMM 841); Quantitative Reasoning for Journalism and Communication (COMM 500); Communication Research Methods (COMM 460); Science Communication — Honors (COMM 640); Mass Communication and Society (COMM 642).

Dresden Technical University (2005): Science Communication (full-credit course).

Cornell University (1999–2002). Public Opinion and Social Processes; Writing for Magazines.

Postdoctoral fellows/ Fulbright scholars — supervisor (2)

Silje Kristiansen (PhD, University of Zurich) | 2017–18, Postdoctoral Supervisor, Northeastern University. Project: News Coverage of Low-Carbon Energy Sources (Funder: Swiss National Science Federation). Current: Associate Professor (tenured), University of Bergen, Norway.

Barbora Petrova (PhD candidate, Masaryk University) | 2008–09, Visiting Fulbright Fellow Advisor, American University. Current: Faculty of Social Sciences, Charles University, Czech Republic.

Doctoral students — dissertation chair (4)

Sushant Kumar | 2020–24, School of Public Policy and Urban Affairs, Northeastern University. Dissertation: The emergence and persistence of the small family and two-child norms in Indian population policy. Current: Assistant Professor and Assistant Dean, Jindal School of Government and Public Policy, O.P. Jindal Global University.

Todd Newman | 2013–15, School of Communication, American University. Dissertation: Cultural cognition, media and polarization in U.S. climate debate. Current: Associate Professor (tenured), University of Wisconsin–Madison.

Jan Boyles | 2011–14, School of Communication, American University. Dissertation: How the media ecology of New Orleans produces news knowledge. Current: Professor and Director, School of Journalism, University of Arizona.

Luis Hestres | 2011–14, School of Communication, American University. Dissertation: Internet-mediated climate change advocacy: Organization, mobilization, and online infrastructure. Current: Principal Researcher, FrameWorks Institute.

Doctoral students — committee member (3)

Kathryn Cooper | 2017–18, School of Media and Journalism, The Ohio State University (Advisor: Erik Nisbet). Current: Assistant Professor, Kent State University.

Anna Mikulak | 2012–13, Department of Psychology, Georgetown University. Current: Editor, Office of Science Policy and Communications, National Institutes of Health.

Rebecca Border Sietman | 2004–05, School of Communication, The Ohio State University (Advisor: William Eveland). Current: Associate Professor and Director of Forensics, Wheaton College.

Master's thesis students — Advisor or committee member (4)

John Kotcher (Advisor) | 2006–07, Environmental Studies, American University. Current: Interim Director and Research Associate Professor, Center for Climate Change Communication, George Mason University.

Saundra Latham (Advisor) | 2004–05, School of Communication, The Ohio State University. Current: News Editor, LinkedIn.

T. David Smith (Committee Member) | 2004–05, School of Communication, The Ohio State University (Advisor: Gerald Kosicki). Current: Director, Public and Government Relations, U.S. National Forest Service.

Lindsay H. Hoffman (Committee Member) | 2003–04, Department of Communication, The Ohio State University (Advisor: William Eveland). Current: Associate Professor, University of Delaware.

MA research assistants — Supervisor (7)

Adrianne Lam (Advisor) | MA, American University, 2013. Current: Senior Communications Director, LinkedIn.

Kate Keim (Advisor) | MA, American University, 2012. Current: Senior Policy Manager, Salesforce.

Graduate research assistants (5)

Trina Stout | 2010–11, School of Communication, American University. Current: Principal, Trina Stout Strategies.

Nina Keim | 2008–09, School of Communication, American University. Current: Director, Government Affairs and Public Policy (Germany), Salesforce.

Katherine Broendel | 2008–09, School of Communication, American University. Current: Media and PR Manager, American Association of University Women.

Paula Pascal-Fuerra | 2007–08, School of Communication, American University. Current: Associate Professor (tenured), Loyola University Maryland.

Heather Benson | 2006–07, School of Communication, American University. Current: Secondary Science Teacher, Loudoun County Public Schools.

MA capstone — supervisor, American University (2007–2009) [49 students]

2009: Berg, J. Online video and social engagement. Blair-Miller, S. Defining radical: Analysis of activist groups and their tactics. Broendel, K. Framing sexual violence in the media [top graduate seminar paper]. Defelice, S. Comparative look at American and French coverage of protest. Gagen, A. Communicating about gender bias and female stereotypes. Gleason, B. The Virginia Tech massacre: Framing and crisis communication. Hawks, C. Communicating about parental involvement in DC schools. Jakopchek, P. California proposition campaigns: A framing analysis. Keim, N. Opinion leaders and social impact of documentaries [top graduate capstone]. Knapp, T. Framing and priming in Canadian parliamentary debates. Lipsit, A. Opinion leaders and fashion marketing. Liu, H. Analysis of news aggregator and social media habits. O'Brien, G. New technology and the agenda-building process. Purdy, M. Communicating about new energy technologies. Taylor, N. Framing education policy: The case of Delaware. Witt, M. Analysis of George Lakoff in the context of the 2008 election. Woods, K. Higher education branding and university athletics.

2008: Addo, J. Examining dominant political narratives in U.S. history. Burgin, T. Analysis of the Vote or Die campaign. Clark, M. Analysis of Barack Obama campaign speeches. Daniels, A. Corporate social responsibility and the Red Campaign. Eckstrom, E. Place-based branding: The case of Ithaca, NY. Edson, L. Emotional branding: Three case studies. Halpern, M. Communication campaigns about animal welfare. Howard, B. Political communication and young voter engagement. Leland, K. Visual persuasion in campaign advertising. Marquart, C. Microtargeting in political campaigns. Miller, K. Analysis of destination branding campaigns. Potts, B. The Truth Campaign and social marketing research. Rassenti, L. Corporate social responsibility: Priming and framing. Reichert, S. Entertainment communication and the environment. Weddle, S. Apple Inc. and research on branding campaigns. Worthy, R. Crisis management and the future of consumerism. Zeigler, G. Higher education and student marketing.

2007: Ajose, J. The truth about entertainment communication. Benson, H. Taking control of science communication. Benites, R. Coverage of Latin America in the U.S. press. Brown, E. Mass media, society, and celebrity journalism. Carver, R. Interpersonal communication strategies and mental health stigma. Erdogan, M. Worse case scenarios: When scandals come to light. Hamershock, C. The intersection of media and social norms on campuses. Johnson, R. Framing art: Artists, non-profits, and social change. Lerro, C. Naming rights campaigns in sports marketing.
